Survey Evaluation Results

Starting the fall term of 2013 we began using a new form for the student feedback. It is divided into six sections: Student Effort; Syllabus; Activities, Presentations, and Assignments; Course Materials, Papers, Tests and Assessments; Professor; Overall. Following the above category ratings is a profile for each section that compares your rating with all the other faculty ratings at the Iowa City campus. Your rating is in red and the campus comparison is in blue. You will have a profile for each of your courses and a summary profile for all of your courses.

Please send me any comments you may have regarding our process. If you find the information confusing or not informative, please stop by my office in room 128 or make an appointment through Betty and I will help you interpret the data.

Thank you for your work with our students this past term.

Lectures were always online in case I missed class

Obviously put a lot of time into lectures.

Lots of Lectures in beginning of class. That was more dull but you thoroughly explained every concept.

I was intimidated at first by the course but I stuck with it. It was by far the most enjoyable class I have taken at Kirkwood.

Have enjoyed the course quite a lot.
